

## **Access to Log Cabins**

Both our log cabins are approached via a stone driveway, to a short stone slab pathway of about 2 metres to a wooden 3 step stairway that takes you to the main decking, where there is the main access door to the cabin that is 76cm wide with a small 0.5cm step, inside the cabin there is a hallway with 4 doors giving access to the bedrooms and bathroom and the Kitchen/Diner area, all these doorways have a 35mm step up 150cm deep, and doorways are 76cm wide.
